ROAST TURKEY

Today's super savvy supermarket consumers demand product quality at an affordable price. They also require products that deliver time savings in the preparation area and are increasingly looking for healthier alternatives.

With a growing number of consumers looking for products that are low in fat, gluten and preservative free that contains no artificial colours that taste great. Country Cooked Meats have developed a range of Oven Smoked and Oven Roasted cooked chicken and turkey products that meet these criteria and will ensure significant off-take at store level.

For more information on how to order and feature Country Cooked products in your store please call 03 9351 1336 or contact Stephen Hicks on 0400 327 443.
